

# Online session

Sunday 5<sup>th</sup> April

## PRAY

PRAY – Like never before.

Today we are thinking about prayer. We will be thinking about those in our families and in the country who need prayer and you can spend some time praying for them!

Watch this video about Prayer;

[Click here!](#)

In Colossians 4:2, the bible tells us to NEVER give up praying. Now more than ever, we need to be praying.

God is bigger than what is going on and at his word, everything can change.

So I challenge you... this week, pray like never before.

- Praying brings us closer to God
- Praying brings change.
- Praying is a way of showing God that we love him and trust him.

“Prayer changes everything.”

## Memory Verse

**Never Give up praying.**

And when you pray, keep alert and be thankful.

Colossians 4:2 (CEV)

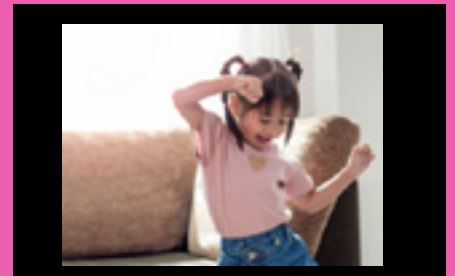

## Worship Time

Take some time to worship God together;

## Key Workers

### Meet Bek!

Bek is a nurse at Peterborough City Hospital and is helping lots of very sick people. We asked her to give us some things we could pray for!

- For protection so they don't catch the virus or carry it home.
- For strength and energy to keep on going.
- For cheerfulness and hope in difficult times.
- For the right words when helping worried people.
- For great teamwork to continue.

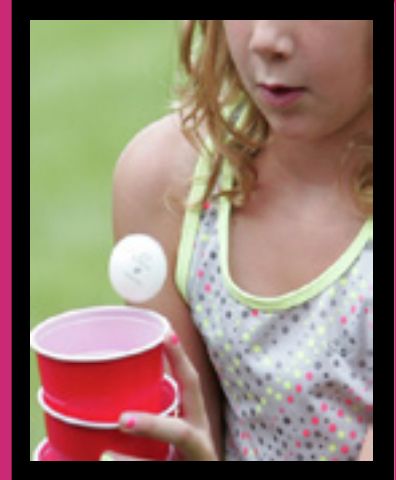

## We like;

It's a game that can be downloaded (with parent's permission) onto a device. It's an amazing virtual world where Bible stories come alive! Aimed at 8-11s it gives opportunities to discover Jesus and engage with the bible.

## Challenge

Can you find a cup and a ball? If you haven't got a ball, you could screw up a piece of newspaper instead. How many times can you catch the ball in the cup? Mind the furniture or go in the garden! Who scored the most catches? This game reminds us that we need to persevere in our praying and not give up.... Keep on talking to God, keep on, keep on, keep on.

## Craft Time – Prayer trees

Why not draw your own prayer tree and use it to help you when you pray!

After drawing the trunk, you can add colourful leaves and write on them names of anybody that you know who is sick and some of the key worker jobs of people who are helping others and need to stay safe.

Some ideas are;

NHS workers

Supermarket worker

Teacher

Delivery drivers

Bus and taxi drivers

***Or why not have a go at this 3D prayer tree, using a toilet paper tube!***

## Prayer Time

We communicate in lots of different ways, we can call somebody on the telephone, speak to them face to face, or even write them a letter.

Why don't you spend some time today, writing a letter to God as a way of expressing your prayer to him? You could start by using the ideas from the prayer video clip:

**P**–Praise, start by praising God, tell him how amazing he is and why you love him.

**R**–Repent, tell God you are sorry for things you may have done that do not show that you love him.

**A**–Ask God, this is where you can ask him to heal those that are sick or to help some of our key workers.

**Y**–Yield, listen to God, he will speak to you when you give him time and space, tell him that you are listening and ready to obey.

***We will be praying for you this week too... so have a great week!***

**For next week's craft you will need:** balloons, coloured string and PVA glue.
